ON-SITE SALON & SPA FOR SENIOR LIVING

Give every resident a spa day.

StyleQ brings licensed stylists, trained in elder care, right into your community, so your residents get the hair, nails, and grooming care they love while your team doesn't lift a finger.

- Licensed & fully insured
- Trained for senior care

REPLACE WITH PHOTO
A resident in the salon chair mid-visit, softly smiling, a stylist's hands finishing her hair. Warm natural light, calm room.

OUR PURPOSE

We lead with people, not product.

Salon day should be the calmest part of a resident's week, not the most rushed. StyleQ partners with senior living communities to run salon and spa care start to finish, designing every visit around dignity, connection, and the simple feeling of looking like yourself again.

Dignity

Unhurried care, at the resident's pace, never an assembly line.

Reliability

Trained, licensed pros who show up and get it right, every visit.

Being seen

Someone who listens to what each resident actually wants.

WHO WE SERVE

RESIDENTS

Spa-quality care they look forward to.

FAMILIES & POAS

Peace of mind their loved one is cared for.

COMMUNITIES & STAFF

A salon amenity that runs itself.

THE PROBLEM WE SOLVE

We fix the vendor chokehold.

Most communities have one salon vendor, and everyone knows it. Satisfaction slips, residents get rushed, and there's no other option. We built StyleQ to be the opposite of that.

THE MONOPOLY

"You have one option, and you're really at their mercy."

THE ASSEMBLY LINE

"There's no way you should be pushing people through at that pace."

THE EXPERIENCE

"Residents saying, 'I look like a boy when I come out.'"

THE BILLING HEADACHE

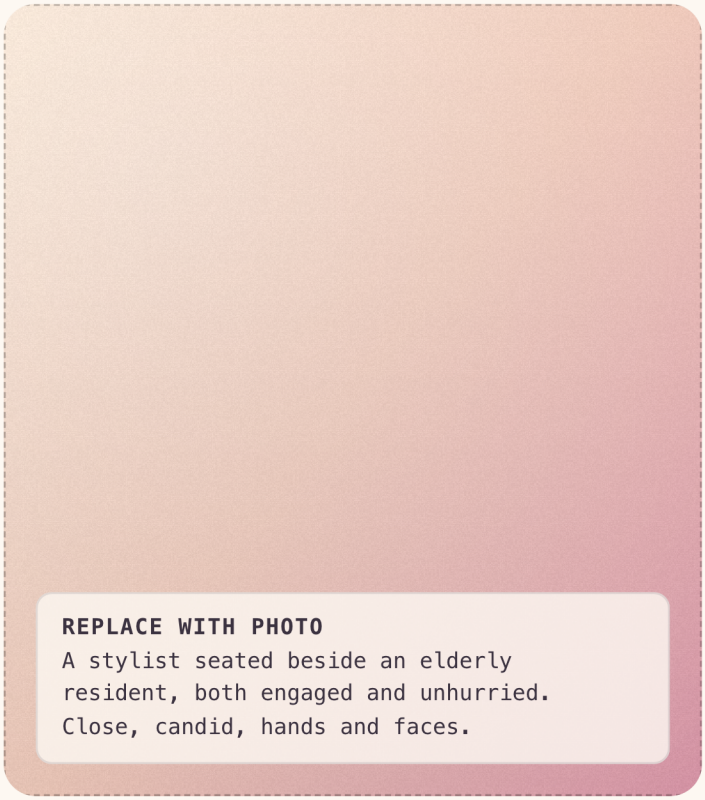

"Everybody has to be lumped in. They can't bill people separately."

The only filter that matters to an administrator: **does this create work, or solve problems?** Everything StyleQ does is built to answer that the right way.

WHAT WE BRING ON-SITE

A full salon & spa, inside your community.

Licensed stylists, trained in elder care, deliver the services residents love — in a calm, familiar setting, at a pace that respects them.

Hair

Cuts, styling, color, and wash-and-sets.

Nails

Manicures and gentle, careful pedicures.

Grooming

Shaves, trims, and tidy-ups between visits.

Spa touches

The small comforts that make it feel like a treat.

- Fully licensed & insured
- Trained for senior care
- Unhurried, one-on-one

FOR ADMINISTRATORS

We take salon days off your plate.

StyleQ runs the whole amenity end to end. Your team doesn't schedule, source, supervise, or chase invoices. We handle all of it.

Scheduling & rebooking

Every appointment booked, confirmed, and rebooked, without your staff touching it.

Supplies & products

We stock and restock everything the salon needs. Nothing lands on your budget by surprise.

Stylist relationships

Hiring, training, and coverage are ours. If someone's out, we fill the gap.

Separate invoicing

Bill residents individually, exactly how you need, with no more lumping everyone together.

Compliance & insurance

Licensing and insurance stay current and documented. One less audit worry.

Resident satisfaction

We listen, follow up, and fix. Happy residents mean fewer calls to your desk.

0 added to your team's workload. That's the whole promise: a salon amenity that solves problems instead of creating them.

HOW THE SWITCH WORKS

We make the transition seamless.

Changing vendors sounds like a headache. It isn't. We plan around your calendar and your 60-day notice window, and handle the moving parts so the salon simply keeps running.

PRE-OPENING — GRAND OPENING

1

Assessment & site visit

We tour the space and learn your community.

2

Agreement

Simple terms, sized to a pilot or a full rollout.

3

Licensing & staffing

State and local licensing, plus a trained team.

4

Salon set-up

Equipment, supplies, and a calm, safe space.

5

Welcome residents

We introduce StyleQ to residents and families.

Start with a pilot

Begin in your most acute area, where residents need the most help, and prove it works before you commit further.

Around 30 days

Typical time from first visit to opening day, depending on state licensing.

FOR FAMILIES

We keep families connected.

Families can request appointments and special touches for the people they love — for a birthday, a visit, an anniversary. The reasons behind them are the sweetest part.

"Mom has a special day out on Saturday. Could she get her hair and nails done Friday?"

"It's Alice's 98th birthday and the family's throwing a party. Any way to fit her in?"

"Please cut Lois and Robert's hair this week; it's their anniversary on the 18th."

"The works, please: shampoo, cut, and a manicure if she'd like one."

REQUEST AN APPOINTMENT

A few taps to book care for a loved one, from anywhere.

FAMILY PEACE OF MIND

Consistent, caring service they can count on between visits.

SPECIAL OCCASIONS

We help everyone look and feel their best for the moments that matter.

FOR RESIDENTS

We help everyone feel like themselves.

REPLACE WITH PHOTO
Portrait of a resident freshly styled, looking at herself or the camera, quietly delighted. Dignity, not vanity.

> *"She looks like herself again. That means everything."*

The moment we build every visit around. Not vanity. Dignity.

StyleQ

LET'S BEGIN

Bring the calm of a spa to your community.

Start with a no-obligation consultation. We'll walk your space, learn your community, and map a pilot around your calendar.

NEXT STEPS

1. Introductory call
2. Site visit & evaluation
3. Pilot plan & agreement
4. Transition & opening day

"It's a big convenience that you're right here in our clubhouse."

Executive Director, senior living community

"They make you feel like you're the only person in the room."
